# 2025 SPRING MEMBER MEETING

April 23-24 / Westin San Diego Bayview Hotel

# Work Group Strategy Update

**Angela Hendershott**  
**Senior Director of Operations**  
**U.S. Faster Payments Council**

# Work Group Strategy Update

- **Driving Real-World Impact**
  - Need for FPC to adapt to the changing faster payments landscape and seize new opportunities.
- **Focus on Outcomes**
  - All work group activities should aim to achieve measurable real-world results.
- **Strategic Alignment**
  - All activities should align with one or more of the FPC's strategic focus areas:
    - **Reach:** Expand the use and adoption of faster payments.
    - **Experience:** Improve user experiences for faster payments.
    - **Trust:** Increase confidence, security, and implementation in faster payments.

# Work Group Strategy Update

## FPC Work Streams

### FPC work group activities:

- Advance FPC's strategic priorities.
- Solve real-world problems and measurable outcomes.
- Adapt to changes within the faster payments ecosystem.

### REACH

Grow the network reach of faster payments connectivity and ubiquity.

- Expand access to faster payments for all market segments.
- Increase consumer and business awareness of faster payment options.
- Enhance connectivity and ubiquity.
- Increase participation (financial institutions, business end users).

### USER EXPERIENCE

Leverage tools, services, and technology to advance faster payments.

- Enable end-to-end infrastructure:
  - Payment authorization and authentication services.
  - Integration of end user interfaces (e.g. QR Code technology).
  - Ubiquitous alias tools and tokenization techniques.
  - Uniform practices in Request for Pay and APIs.
  - Conduct proof of concept testing.

### TRUST

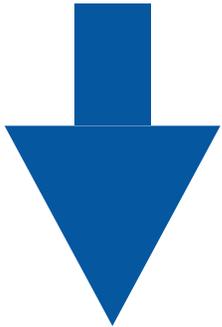

Resolve trust related challenges in fraud, risk, dispute resolution, and operational readiness in a real-time environment.

- Improve accessibility to fraud detection tools.
- Enhance dispute and error resolution framework.
- Activate beneficial use cases that deliver the greatest benefit.
- Enhance faster payments rules and standards.
- Provide guidelines, training and technical documentation.
- Demonstrate the ease of implementation for financial institutions.
